Re: Report Closure of TCCC-2016-01 (February 29, 2016 – March 3, 2016) Compliance Review

Dear Mrs. ■■■■■:

The Correct Care Recovery Solutions (CCRS) response to the compliance review report, TCCC-2016-01, conducted at the Texas Civil Commitment Center on February 29, 2016 – March 3, 2016 was received. The response and corresponding support documentation was reviewed.

The agency is extremely concerned with the lack of treatment, individual and group, as reflected in this compliance review. As a sex offender treatment facility, failure to provide the required group and individual treatment is unacceptable. In the future, all missed group and individual treatment sessions shall be conducted in the same week to replace the treatment hours missed. This ensures that the State of Texas is receiving services it has contracted and paid for.

Attached to this correspondence is the closed final report, which includes closing comments and clarifications by the Texas Civil Commitment Office (TCCO). No further response to this report is required. TCCO may conduct additional verification reviews of the corrective action plans identified by CCRS in the report.

Please do not hesitate to contact me if you have any questions.

Sincerely,

A handwritten signature in blue ink that appears to read "Cathy Drake".
